### Overview

The Activity Report provides data about how the solution ecosystem is contributing to the 17 Sustainable Development Goals (SDGs) and 169 Targets over time. It shows initiative activity data for a selected SDGs Alignment Card data between two selected dates, including:

1. Total SDGs Alignment Card Initiatives, additions and removals
2. Target contribution activity (Comments with Actual status)
3. Additional activity to Targets (New Comments with Actual status) within a date range.

A1 31/10/2022 2:38:05 am						
	A	B	C	D	E	F
1	31/10/22					
2	<b>SDGs Alignment Card</b>	<b>Disaster Resilience Greenville 2</b>				
3	<b>Date range</b>	30/9/22	31/10/22			
4						
5		Initiatives beginning of period	Additions	Removals	Initiatives end of period	
6	<b>Total SDGs Alignment Card Initiatives</b>	<b>1</b>	<b>0</b>	<b>0</b>	<b>1</b>	
7	<b>Sustainable Development Goals</b>					
8	<b>SDGs Targets</b>					
9	<b>Goal 1. End poverty in all its forms everywhere</b>					
10	1.1 Eradicate extreme poverty	0	0	0	0	
11	1.2 Reduce poverty by at least 50%	0	0	0	0	
12	1.3 Implement nationally appropriate social protection systems	0	0	0	0	
13	1.4 Equal rights to ownership, basic services, technology, and economic resources	0	0	0	0	
14	1.5 Build resilience to environmental, economic, and social disasters	0	0	0	0	
15	1.a Mobilization of resources to end poverty	0	0	0	0	
16	1.b Establishment of poverty eradication policy frameworks at all levels	0	0	0	0	
17	<b>Goal 2. End hunger, achieve food security and improved nutrition and promote sustainable</b>					
18	2.1 Universal access to safe and nutritious food	0	0	0	0	
19	2.2 End all forms of malnutrition	0	0	0	0	
20	2.3 Double the productivity and incomes of small-scale food producers	0	0	0	0	
21	2.4 Sustainable food production and resilient agricultural practices	0	0	0	0	
22	2.5 Maintain the genetic diversity in food production	0	0	0	0	
23	2.a Invest in rural infrastructure, agricultural research, technology and gene banks	0	0	0	0	
24	2.b Prevent agricultural trade restrictions, market distortions and export subsidies	0	0	0	0	
25	2.c Ensure stable food commodity markets and timely access to information	0	0	0	0	
26	<b>Goal 3. Ensure healthy lives and promote well-being for all at all ages</b>					
27	3.1 Reduce maternal mortality	0	0	0	0	
28	3.2 End all preventable deaths under five years of age	0	0	0	0

30	3.4 Reduce mortality from non-communicable diseases and promote mental health	0	0	0	0	
31	3.5 Prevent and treat substance abuse	0	0	0	0	
32	3.6 Reduce road injuries and deaths	0	0	0	0	
33	3.7 Universal access to sexual and reproductive care, family planning and education	0	0	0	0	

## Report explainer

### 1. Total SDGs Alignment Card Initiatives

These cells (Row 6) capture the changes to the **number of initiatives** on a selected SDGs Alignment Card between selected dates. The following data is captured:

1. **Initiatives beginning of period:** The total number of initiatives at the start of the date range.
2. **Additions:** The total number of initiatives added within the date range.
3. **Removals:** The total number of initiatives removed within the date range.
4. **Initiatives end of period:** The total number of initiatives at the end of the date range (= the total number of initiatives at the beginning of the date range, add additions during the date range, minus removals during the date range).

### 2. Sustainable Development Goals Activity

These cells (Rows 7 and below, and Columns B-E) capture the changes to the total **number of Targets** with comments that have Actual status on a selected SDGs Alignment Card between selected dates. The following data is captured:

1. **Targets beginning of period:** The total number of Target comments saved with Actual status across all Targets at the start of the date range.
2. **Additions:** The total number of Target comments saved with Actual status across all Targets within the date range
3. **Targets end of period:** The total number of Targets with comments saved with Actual status at the start of the date range plus additions.

### 3. Additional Target comments activity

Additional Target comments saved with 'Actual' status are shown in Column E – New comments saved assigned Actuals (Rows 7 and below). Column E captures and 'Saved New Comment' activity that has been saved against an already recorded comment saved with Actual status within the date range. This enables users to see when a Target is being **addressed in a new way** (see Saved New Comments) within the date range.

# Report explainer

## Saved Comment data included in Activity Report

There are two ways to save comments data:

1. Updating Existing Comment – this is not included in Activity Report data.
2. Save New Comment – This is included in Activity Report data.

### 1. Updating Existing Comment

Updating Existing Comment is used to edit or update an existing comment **when the way a Target is addressing a goal has not changed**. This will edit the comment details in the history but the original date that it was entered will remain unchanged and no activity is recorded in the Activity Report. Updating Existing Comment is used when rewording comments or adding additional information to a comment.

**Note:** Updating Existing Comment updates are **not** included as any activity data in the SDGs Alignment Card Activity Report.

### 2. Save New Comment

Save New Comment is used when you are entering **new data about how a Target is being addressed**. This is used when **how** the Target is being addressed is fundamentally different to how it was being addressed in the previous saved comment and is more than a change to the wording. Saved New Comments with Actual status are recorded in the Activity Report.

**Note:** Save New Comments with Actual status **are** included in the Activity Report both as Additions and Save New Comments assigned Actual as described above.

## Insights from this report

The Activity Report may be used to:

- Show changes to the number of initiatives in your solution ecosystem over a selected period of time.
- Show the total activity of initiatives towards the 169 Targets across the 17 Sustainable Developments Goals.
- Highlight those Targets that have many initiatives contributing to them
- Show how initiatives are addressing a Target in a new way during a selected time period.
